## General Printing Information

Digital Labrador is Kansas City's best choice for all digital services. Our friendly staff of experienced photographers specialize in printing, scanning, digital capture and post-production. Digital Labrador provides quality, customized service to meet the demands of the most discriminating clients, including photographers, creative directors and artists.

### Payment Options

We accept cash, checks and credit cards. **Payment for orders is due when order is made.**

### Rush Services

Next Day service adds a 100% cost increase to your order. We also offer a same day service that adds 200%.

### Remakes

Please review all orders upon receipt. Digital Labrador will provide remakes if necessary for the same service only. If you request modifications to the file, the new order will be charged accordingly.

### File formats and resolution

We use psd, jpeg and tiff file formats for printing. Provide files at 240dpi at the desired output size (includes any white border you want). You will be charged if your files need to be converted or enhanced for printing. All files must also be supplied with an embedded ICC profile. **If you are unsure of any of these requirements, please call us.**

### Expert Photo Enhancement & Retouching Services

Take advantage of our staff's extensive experience in color-correction, retouching, and traditional enhancements to bring out the very best in your photographs.

**\$80** Hour (half hour min)

### High-Quality Scanning

Our Imacon 949 professional scanner produces scans up to 8000ppi in 16-bit. Reflective scans up to 8x10 inches, negatives and transparencies up to 4x5 inches.

### Drop Off Custom Scanning

Image prep, minimal post-scan clean-up, CD are included.

<b>\$25</b>	35mm
